

# ACL 1988 DUES STATEMENT AND MEMBERSHIP APPLICATION

*Institutions Now Order Journals from MIT Press; New LATE PAYMENT FEE for Late Renewals*

Membership in the *Association for Computational Linguistics* is for the calendar year; it includes the ACL journal **Computational Linguistics**, reduced registration at most ACL-sponsored conferences, and discounts on ACL-sponsored publications. Beginning in 1988, MIT Press will publish the journal. This change will not affect personal and student memberships, which will continue to be handled by the ACL; however, institutions now must subscribe to the 1988 journal from MIT Press Journals, 55 Hayward Street, Cambridge, MA 02142-1399, USA; (617) 253-2889. Back issues through 1987 and proceedings will continue to be available only from ACL. An order form is on the other side of this statement. The change in publishing makes it necessary to introduce a late payment fee for renewal payments made after 30 April, because of the extra mailing costs. Dues and back order payments can be made in Europe and Japan as well as the U.S.; read the directions under the heading **PAYMENT** below carefully. Identify your institutional affiliation if it is not part of your address. Also please provide your computer network address.

Please correct any errors in the label provided. *Provide prompt notification of address changes; copies returned because of bad addresses will not be remailed until a \$3.00 handling fee is remitted.*

**MEMBERSHIP DUES FOR 1988:** Dues for *Personal Members* are \$25.00. Couples with the same mailing address may become *Joint Members* for \$30.00; they will receive only one set of publications, but each will be eligible for all other member benefits. Full-time students may become *Student Members* for \$15.00 with copy of student ID.

*Additional charge for 1st class or air delivery: (\$10 for U.S., Canada, and Mexico; \$20 elsewhere)*

**INTERNATIONAL FUND:**

The ACL set up a fund in 1982 to make ACL memberships and publications available to colleagues who have difficulty in using their national currencies for international transactions. Contributions may be tax-deductible in the United States and in some other countries; check local regulations.

**PAYMENT:** Prepayment is necessary; invoices are available on request. Checks should be made out to the *Association for Computational Linguistics* (or to ACL). Payments can be made to one of the addresses below, as follows:

1. In the USA to Walker; mail this dues statement with a check or money order in U.S. dollars, *payable to ACL*.
2. In Switzerland to Rosner; mail this dues statement with a check or money order in U.S. dollars, Swiss francs, or the equivalent in local currency on the day of payment, *payable to ACL*. Payment can also be made by bank transfer to account number 141.880.LAV at the Union Bank of Switzerland, 8 rue de Rhone, CH-1211 Geneva 11, SWITZERLAND. Send Rosner a copy of the bank transfer as well as the dues statement. Standing orders can be established only with bank transfers.
3. In Japan to Nagao; transfer an equivalent amount in yen on the day of payment to "Dai-ichi Kangyo Bank, Hyakumanben Branch; Ordinary Deposit, 476-1319944; Name: Keisangengogakkai Kaihi Nagao Makoto". Mail this dues statement to Walker together with a copy of the bank transfer. Also send Nagao a copy of the bank transfer. **NOTE: THE DUES STATEMENT MUST BE SENT TO WALKER TO BE PROPERLY RECORDED IN THE ACL OFFICE.**

## Guidelines for Submissions

Manuscripts submitted to **Computational Linguistics** should be typed on letter-size paper (8.5 by 11 inches, or A4), double-spaced throughout, including footnotes and references. The paper should begin with an informative abstract of approximately 150-250 words. Manuscripts must be submitted in English.

Submissions may be made in any of the following categories:

**PAPER:** This category includes contributions that report significant new research results in computational linguistics or that provide critical reviews of the literature on a particular topic. The length of a paper depends on its content, but we suggest that manuscripts be limited to forty double-spaced pages. That is the equivalent of twelve journal pages. Each paper is fully refereed, being read by at least two members of the editorial board and usually by an additional expert in the particular subject area.

The submission of an article to CL for refereeing means that the author certifies the manuscript is not copyrighted; nor has it been published or submitted for publication to another refereed journal. If any version of the paper has appeared, or will appear, in a non-refereed publication, the details of such publication must be made known to the Editor at the time of submission. The final version of a paper tentatively accepted for publication must be accompanied by a Copyright Transfer Agreement signed by all of the authors or, in the case of a "work for hire", by the employer. This written transfer is necessary under the 1978 U.S. Copyright law.

**TECHNICAL CORRESPONDENCE:** This category includes short articles reporting preliminary results of some project in progress, or the results of other studies of interest to the readership. Technical correspondences should not generally exceed eight double-spaced pages. Each technical correspondence is reviewed by at least two members of the editorial board before acceptance.

**LETTERS TO THE EDITOR:** This includes statements of opinion on issues relevant to the readership. The Editor and the editorial board will evaluate the appropriateness of these contributions for inclusion.

Five copies of papers, technical correspondences, and letters should be sent to the Editor:

James F. Allen, CL Editor  
Department of Computer Science  
The University of Rochester  
Rochester, NY 14627  
arpanet: **ACL@ROCHESTER.ARPA**

Anyone interested in reviewing a book, or in suggesting a book for review, should contact the Book Review Editor; publishers may also submit copies of books for review directly to the Book Review Editor:

Graeme Hirst, CL Book Review Editor  
Department of Computer Science  
University of Toronto  
Toronto, CANADA M5S 1A4  
arpanet: **GH@TORONTO.CSNET**

The Finite String Editor should receive (a) copies of technical reports and reprints of papers published elsewhere – or at least citation information and abstracts of such items and of books and monographs; (b) summaries of research in progress – of particular interest would be perspectives on the activities at a particular institution; (c) announcements of meetings of potential interest to the membership; and (d) personal notes (e.g., honors, moving, changes in status). Two copies of submissions should be sent to the Finite String Editor:

Ralph Weischedel, Finite String Editor  
BBN Laboratories Inc.  
10 Moulton Street  
Cambridge, MA 02238  
arpanet: **WEISCHEDEL@G.BBN.COM**

Fuller instructions about the format of submissions can be found in the first issue of each volume.

**NOTE** All submissions other than papers should reach the pertinent editor *no later than* the 15th of the first month of each quarter.

The *Association for Computational Linguistics* is an international scientific and professional society with membership open to any person or institution whose professional goals relate to computational linguistics.
