

Theoretical Issues in Natural Language Processing  
An Interdisciplinary Workshop  
Cambridge, Massachusetts  
Final Schedule  
10-13 June 1975

Tuesday, 10 June 9:00-12:30

Session 1

--Memory: Natural Language Input  
Chairman: Ann Robinson, SRI  
Speakers: William Woods, BBN  
Christopher Riesbeck, Yale University  
Robert Simmons, University of Texas  
Mitchell Marcus, MIT  
George Heidorn, IBM  
Martin Kay, Xerox-PARC  
David Waltz, University of Illinois

Tuesday, 10 June 3:00-6:00

Session 2

--Representing knowledge: Primitives  
Chairman: Jon Allen, MIT  
Speakers: Daniel Bobrow, Xerox-PARC  
Roger Schank, Yale University  
George Miller, Rockefeller University  
Yorick Wilks, Institute for Semantic  
and Cognitive Studies  
Ray Jackendoff, Brandeis University

Wednesday, 11 June 9:00-12:30

Session 3

--Representing knowledge: Non-linguistic forms  
Chairman: Andee Rubin, ABT Associates  
Speakers: Stephen Kosslyn, The Johns Hopkins University  
Robert Abelson, Yale University  
Wallace Chafe, University of California, Berkeley  
Zenon Pylyshyn, University of Western Ontario  
Stephen Palmer, University of California, Berkeley  
Aaron Sloman, University of Sussex

Wednesday, 11 June 3:00-6:00

Session 4

--Representing Knowledge: Frames  
Chairman: Eugene Charniak, Institute for Semantic  
and Cognitive Studies  
Speakers: Terry Winograd, Xerox-PARC  
Marvin Minsky, MIT  
Jerome Feldman, University of Rochester  
Richard Fikes, SRI  
Roger Schank, Yale University  
Wallace Chafe, University of California, Berkeley  
Carl Hewitt, MIT

Thursday, 12 June 9:00-12:30

Session 5

--What is a valid methodology for judging the quality of research in computational linguistics?

Chairman: Daniel Dennett, Tufts University

Speakers: William Woods, BBN

Terry Winograd, Xerox-PARC

Yorick Wilks, Institute for Semantic  
and Cognitive Studies

John Clippinger, Teleos

William Mann, USC-Information Sciences Institute

Thursday, 12 June 3:00-6:00

Session 6

--Memory: Reasoning and Inference

Chairman: Allan Collins, BBN

Speakers: Charles Rieger, University of Maryland

Eugene Charniak, Institute for Semantic  
and Cognitive Studies

Charles Schmidt, University of Massachusetts, Amherst

Robert Abelson, Yale University

Raymond Reiter, University of British Columbia

Herbert Clark, Stanford University

Friday, 13 June 9:00-12:30

Session 7

--Natural Language Generation and Belief Systems

Chairman: Yorick Wilks, Institute for Semantic  
and Cognitive Studies

Speakers: John Clippinger, Teleos

Bertram Bruce, BBN

Joseph Becker, BBN

Neil Goldman, USC-Information Sciences Institute

Aravind Joshi, University of Pennsylvania

Sheldon Klein, University of Wisconsin

Friday, 13 June 2:00-5:00

Session 8

--Memory: Organization

Chairman: Barbara Deutsch, SRI

Speakers: Charles Rieger, University of Maryland

Eugene Charniak, Institute for Semantic  
and Cognitive Studies

Andrew Ortony, University of Illinois

Allan Collins, BBN

Robert Bobrow, BBN

Wendy Lehnert, Yale University
