ACL MEMBERSHIP APPLICATION

Membership in the *Association for Computational Linguistics* is for the calendar year and includes: the ACL journal **Computational Linguistics,** which is provided each member in both printed and microfiche versions; reduced registration at ACL-sponsored conferences; and discounts on ACL-sponsored publications. An order form for back issues and proceedings is on the back of this form. Prepayment is necessary except for those institutions that require invoices and have requested them specifically. Payments can now be made directly to banks in Europe and Japan; please read the directions under the heading **PAYMENT** below carefully. Note our interest in getting your computer network address.

PAYMENT: Checks should be made out to the ASSOCIATION FOR COMPUTATIONAL LINGUISTICS (or to ACL). Payments can be made in three ways:

1. Mail them payable in U.S. dollars with this application to Walker at the address below.
2. For people in Europe or with Swiss accounts, pay an equivalent value in Swiss francs, by personal check in your own currency, or by a banker's draft that credits account number 141.880.LAV at the Union Bank of Switzerland, 8 rue de Rhone, H-1211 Geneva 11, SWITZERLAND send this application with payment or with a copy of the bank draft to Rosner; standing orders are allowed. European residents can get information on currency conversion values from Somers.
3. For people in Japan or with Japanese accounts, transfer an equivalent amount in yen to "Dai-ichi Kangyo Bank, Hyakumanben Branch; Ordinary Deposit, 476-1319944; Name: Keisangengogakkai Kaihi Nagao Makoto.". Send copies of the bank transfer to both Nagao and Walker, *BUT SEND THIS APPLICATION TO WALKER;* otherwise you will not be properly recorded in the ACL office.

Guidelines for Submissions

Manuscripts submitted to **COMPUTATIONAL LINGUISTICS** should be typed on letter-size paper (8.5 by 11 inches, or A4), double-spaced throughout, including footnotes and references. The paper should begin with an informative abstract of approximately 150-250 words. Manuscripts must be submitted in English.

Submissions may be made in any of the following categories:

PAPER: This category includes contributions that report significant new research results in computational linguistics or that provide critical reviews of the literature on a particular topic. The length of a paper depends on its content, but we suggest that manuscripts be limited to forty double-spaced pages. That is the equivalent of twelve journal pages. Each paper is fully refereed, being read by at least two members of the editorial board and usually by an additional expert in the particular subject area.

   The submission of an article to CL for refereeing means that the author certifies the manuscript is not copyrighted; nor has it been published or submitted for publication to another refereed journal. If any version of the paper has appeared, or will appear, in a non-refereed publication. the details of such publication must be made known to the Editor at the time of submission. The final version of a paper tentatively accepted for publication must be accompanied by a Copyright Transfer Agreement signed by all of the authors or, in the case of a "work for hire", by the employer. This written transfer is necessary under the 1978 U.S. Copyright law.

TECHNICAL CORRESPONDENCE: This category includes short articles reporting preliminary results of some project in progress, or the results of other studies of interest to the readership. Technical correspondences should not generally exceed eight double-spaced pages. Each technical correspondence is reviewed by at least two members of the editorial board before acceptance.

LETTERS TO THE EDITOR: This includes statements of opinion on issues relevant to the readership. The Editor and the editorial board will evaluate the appropriateness of these contributions for inclusion.

Five copies of papers, technical correspondences, and letters should be sent to the Editor:

> James F. Allen, CL Editor
> Department of Computer Science
> The University of Rochester
> Rochester, NY 14627
> arpanet: **ACL@ROCHESTER**

Anyone interested in reviewing a book, or in suggesting a book for review, should contact the Book Review Editor; publishers may also submit copies of books for review directly to the Book Review Editor:

> Graeme Hirst, CL Book Review Editor
> Department of Computer Science
> University of Toronto
> Toronto, CANADA M5S 1A4

The Finite String Editor should receive (a) copies of technical reports and reprints of papers published elsewhere – or at least citation information and abstracts of such items and of books and monographs; (b) summaries of research in progress – of particular interest would be perspectives on the activities at a particular institution; (c) announcements of meetings of potential interest to the membership; and (d) personal notes (e.g., honors, moving, changes in status). Two copies of submissions should be sent to the Finite String Editor:

> Ralph Weischedel, Finite String Editor
> Bolt Beranek and Newman Inc.
> 10 Moulton Street
> Cambridge, MA 02238
> arpanet: **WEISCHEDEL@BBNG**

Fuller instructions about the format of submissions can be found in the first issue of each volume.
