

PART IV: APPENDICES

These appendices contain the basic task description provided to participants (appendix A), the major documents contained in the final test package (appendices B and C), some typical examples of MUC-4 messages and answer key templates (appendices D and E), the text and answer key templates for TST2-MUC4-0048, which is referred to in many of the papers in Part III of this proceedings (appendix F), and tabular and graphic displays of the final test results (appendices G and H).
