

Proceedings of **IWCS 2017 long papers volume**, ACL anthology W17-68xx.

**12th International Conference on Computational Semantics, Montpellier 19-22 September 2017**

**Edited by Claire Gardent (CNRS, LORIA Nancy) & Christian Retoré (Université de Montpellier & LIRMM)**

Out of the 37 long submissions that we received, 17 were accepted and presented in Montpellier. We thank the authors for their submissions, as well as the program committee listed below for their help with the reviews and the selection process.
