Introduction

Welcome to the Tutorials Session of ACL 2023.

The ACL tutorials session is organized to give conference attendees a comprehensive introduction by expert researchers to some topics of importance drawn from our rapidly growing and changing research field.

This year, as has been the tradition over the past few years, the call, submission, reviewing and selection of tutorials were coordinated jointly for multiple conferences: EACL, ACL, and EMNLP. We formed a review committee including the EACL tutorial chairs (Sameer Pradhan and Fabio Massimo Zanzotto) and ACL tutorial chairs (Yun-Nung Vivian Chen, Margot Mieskes, and Siva Reddy). A reviewing process was organized so that each proposal receives 2 reviews. The selection criteria included clarity, preparedness, novelty, timeliness, instructors' experience, likely audience, open access to the teaching materials, diversity (multilingualism, gender, age and geolocation) and the compatibility of preferred venues. A total of 42 tutorial submissions were received, of which 6 were selected for presentation at ACL.

We would like to thank the tutorial authors for their contributions and flexibility while organising the conference in a hybrid format. Finally, our thanks go to the conference organizers for effective collaboration, and in particular to the general chair Yang Liu.

We hope you enjoy the tutorials.

ACL 2023 Tutorial Co-chairs
Yun-Nung (Vivian) Chen
Margot Mieskes
Siva Reddy

Organizing Committee

General Chair

    Yang Liu, Amazon, USA

Program Chairs

    Jordan Boyd-Graber, University of Maryland, USA
    Naoaki Okazaki, Tokyo Institute of Technology, Japan
    Anna Rogers, IT University of Copenhagen, Denmark

Tutorial Chairs

    Yun-Nung (Vivian) Chen, National Taiwan University, Taiwan
    Margot Margot, University of Applied Sciences, Darmstadt, Germany
    Siva Reddy, McGill University and Mila, Canada
